For the attention of all Parents/Carers,

I just wanted to inform you that when the children return to school after the half term holiday, there will be some building work taking place on the Nursery Roof. It has been leaking for many years and has now come to the end of its life. Therefore, we have allocated the money to have it replaced.

The contractors that are carrying out the work are very professional and highly skilled workmen. They have done numerous jobs on school roofs whilst the school remains open. The safety of the children, parents and staff are paramount to all concerned.

Risk assessments have been carried out and we can assure you that the children will be safe whilst this work is being done. No plant equipment or vehicles will be moved around the site during the beginning and end of the day. Also, when the children are taken over to the dining room from the Early Years building there will be no movement. The contractors will be erecting a walkway above the pedestrian path so that they are not crossing any pathways with tools or resources.

If you have any concerns, please email admin@newallgreen.manchester.sch.uk and we will answer any queries you may have.

Yours sincerely,

Dianne Harris
